5) Validations:

i) All fields must be filled:

The screenshot shows a web browser window with the address bar displaying 'localhost/Celestiq_task/Registration.html'. The page has a red-to-yellow gradient background. A white registration form is centered, titled 'Registration' in bold. Below the title, a red error message reads: 'Username should contain at least 8 characters and 1 uppercase, 1 lowercase and 1 digit'. The form contains six input fields: 'First Name:', 'Last Name:', 'Email:', 'Contact:', 'Password:', and 'Confirm Password:'. The 'Last Name:' field is highlighted with a yellow border and a red error message box that says 'Please fill out this field.' Below the fields is a red 'SUBMIT' button and a link that says 'Already Registered? Login...'. The Windows taskbar is visible at the bottom with the search bar and various application icons.

ii) Email:

The screenshot shows the same web browser window as before, but now the 'Email:' field is filled with the text 'a|'. A red error message box is displayed over the 'Contact:' field, stating: 'Please include an '@' in the email address. 'a' is missing an '@'. The other fields are filled with: 'First Name: Ankita', 'Last Name: Dongarkar', 'Password: *****', and 'Confirm Password: *****'. The 'SUBMIT' button and the 'Already Registered? Login...' link are still present. The Windows taskbar at the bottom shows the time as 01:51 on 21-09-2019.

iii) Contact should be of 10 digits:

The screenshot shows a web browser window with the address bar displaying 'localhost/Celestiq_task/Registration.html'. The page has a red-to-yellow gradient background. A central white box contains the 'Registration' form. At the top of the box, a red error message reads: 'Password should contain at least 8 characters and 1 uppercase, 1 lowercase and 1 digit'. The form fields are: 'First Name:' with 'Ankita', 'Last Name:' with 'Dongarkar', 'Email:' with 'a@gmail.com', 'Contact:' with '788988', 'Password:' with '*****', and 'Confirm Password:' with '*****'. Below the fields is a purple 'SUBMIT' button. Under the button, another red error message states: '*Contact number should be of 10 digits.' At the bottom of the form box, it says 'Already Registered? Login...'. The Windows taskbar at the bottom shows the search bar and various application icons.

iv) Password and confirm password doesn't match:

This screenshot shows the same registration form as the previous one, but with a 10-digit contact number '6666668909'. The 'Password:' and 'Confirm Password:' fields both contain '*****'. A red error message below the 'SUBMIT' button now reads: '*Your password and confirmation password do not match.' The rest of the form, including the first name 'Ankita', last name 'Dongarkar', and email 'a@gmail.com', remains the same. The browser window and Windows taskbar are also visible.

6) Database:

The screenshot shows the phpMyAdmin interface for the 'celestiq' database. The 'registration' table structure is displayed, showing 8 columns: R_id (int(255), PRIMARY, AUTO_INCREMENT), first_name (text), last_name (text), email (text), contact (varchar(50)), password (text), Date (date), and Login_Date (datetime). The 'Indexes' section shows a PRIMARY index on R_id.

#	Name	Type	Collation	Attributes	Null	Default	Comments	Extra	Action
1	R_id	int(255)			No	None		AUTO_INCREMENT	Change Drop More
2	first_name	text	utf8_general_ci		No	None			Change Drop More
3	last_name	text	utf8_general_ci		No	None			Change Drop More
4	email	text	utf8_general_ci		No	None			Change Drop More
5	contact	varchar(50)	utf8_general_ci		No	None			Change Drop More
6	password	text	utf8_general_ci		No	None			Change Drop More
7	Date	date			No	None			Change Drop More
8	Login_Date	datetime			No	None			Change Drop More
